

HOFSTRA
UNIVERSITY

CONTINUING EDUCATION

OCCUPATIONAL ENVIRONMENTAL, HEALTH and SAFETY TRAINING

Hofstra University Continuing Education, in collaboration with American Safety Consultants, LLC, is proud to offer a comprehensive series of courses that help businesses meet the standards and requirements of the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA).

Safety training is an essential part of every employer's safety and health. Safety training classes help establish a culture in which employees themselves promote proper safety procedures. With Hofstra's OSHA and EPA courses, employees are able to immediately practice and apply new knowledge and skills on the job, making the workplace safer for everyone.

Custom on-site training courses are also available. To register or for course descriptions or more information, visit ce.hofstra.edu/OSHA or call 516-463-7800.

Scheduling Disclaimer:

The course hours published on this schedule represent contact hours only and are not inclusive of breaks, lunch or dinner. Total course hours are left to the discretion of the assigned instructors. The instructor is responsible for determining that the assigned course is delivered within all federal, state and local regulations
